

Jeff Kim

Jeff Kim graduated the British Columbia Institute of Technology in 2009 with diploma of Chemical Science. After graduation he joined the ALS Laboratory Group Mineral Division where he works as a fire assay technician and trainee assayer. John is also preparing for the BC Assayer Certificate Theory Examination.

Jeff Kim (*right*) receiving a \$500 BC Certified Assayers Foundation Trainee Assayer Scholarship from Angelus Yuen, Manager, Fire Assay, ALS Minerals Division (Geochemistry). Angelus notes "*Jeff is one of eleven employees working under me who currently enrolled in the BC Certified Assayer program. I am very proud of his achievement. Jeff came to ALS as a BCIT co-op student. He became a full time employee in 2009 after his graduation. He will be receiving his 5 year service award at the beginning of next year. As a result of his hard work, dedication and commitment Jeff was promoted frequently. He has been a member of our quality and safety focus groups, and currently volunteered in the lab's United Way Fundraising Campaign*".
