

Aleksandra Michalska

Aleksandra Michalska is an assayer at the Mount Polley Mining Corporation copper-gold mine, Likely, BC. She graduated with a Masters degree in Biotechnology from the Warsaw University of Technology and in October 2012, she enrolled in the assayer training program at the British Columbia Institute of Technology (BCIT). Aleksandra is currently completing the BCIT training program and preparing for the BC Assayer Certification examination.

Bill Smith, Chief Assayer, Mount Polley Mining Corporation proudly presents a scholarship cheque for \$1000 to Aleksandra Michalska, Assayer Trainee in the Mount Polley Mine fire assay laboratory. This is one of the Canadian Mineral Analysts sponsored trainee assayer scholarship awarded by the Assayers Foundation of BC. Bill Smith notes that *"We at Mount Polley appreciate all the hard work and effort Aleksandra is putting into achieving her ultimate goal of receiving her BC Assayers Certificate"*.
